

OSTEOFAB DENTAL ARCHES

Patient Specific All-on-4

Advance 3D Printed OsteoFab® PEKK Model into Dentistry

- All-on-4 Arches and Bridges at **Lower Cost**
- **Unmet Need:** Little Innovation for Aging Population with Limited Resources
- Create **Centralized, Fully-automated Service Bureau Model** (Invisalign approach)

- Both Patient-Specific and Standard size offerings
- Simplification + cost-efficiency for labs (and patients)
- Offers new proprietary model with high barriers to entry
